

5 Reasons to Use Smoothwall

1. Setting the standards

As a market leader, we set the standards for a safer internet in schools, ensuring our filter is always in line with the latest Government legislation.

Our new safeguarding features help you monitor and protect your children against various safeguarding threats including radicalisation, abuse, self-harm and grooming.

2. New safeguarding initiatives

3. Real-time content aware filter

Our real time filter scans the content of the page every time it's requested, to ensure that you only see web pages that you know are safe.

We'll help you every step of the way, from a personalised implementation to suit you right through to our 24/7 support, and all our staff are fully trained in the needs of the Education sector.

4. Experts in delivery and support

5. Supporters of the IWF

We work with the Internet Watch Foundation to ensure our filter is fully updated to remove any harmful images to children.
